

50Hz 60Hz Container Diesel Generator Air Water Cooling System

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Power Output: 10-1000kW
- Frequency: 50/60Hz
- Operation Mode: Automatic/Manual
- Emission Standard: EU Stage II/EPA Tier 2
- Fuel Type: Diesel
- Voltage: 220V-480V
- Noise Level: Low
- Control Panel: Digital/Analog
- Highlight: **50Hz Container Diesel Generator, 60Hz Container Diesel Generator**

Product Description

Product Description:

Introducing the Cargo-Container Diesel Generator, a powerful and reliable container-housed diesel generator for a variety of commercial and industrial applications. It features a robust structure, with a frequency of 50/60Hz and a power output of 10-1000kW. It is also equipped with an electric/manual starting system and overload/low oil pressure protection system. This container-based diesel generator is especially designed for heavy-duty use, and is perfect for powering large-scale sites and other challenging environments.

Features:

Product Name: Container-Housed Diesel Generator

Voltage: 220V-480V

Power Output: 10-1000kW

Emission Standard: EU Stage II/EPA Tier 2

Operation Mode: Automatic/Manual

Structure: Container

Type: Cargo-Container Diesel Generator

Technical Parameters:

Parameter	Value
Container Diesel Generator	Cargo-Container Diesel Generator, Container-Based Diesel Generator
Frequency	50/60Hz
Fuel Consumption	Low
Control Panel	Digital/Analog
Cooling System	Air/Water
Fuel Type	Diesel
Structure	Container
Warranty	1-2 Years
Protection System	Overload/Low Oil Pressure
Noise Level	Low
Emission Standard	EU Stage II/EPA Tier 2

Applications:

Minlong Cargo-Container Diesel Generators are reliable and cost-effective solutions for places with limited space. They are designed to provide temporary or permanent power to meet the needs of industrial, commercial and residential applications. With a wide range of voltage options and fuel types, they are ideal for remote or off-grid locations and provide a dependable source of power. The generators are enclosed in a sturdy steel frame and housed in a cargo container, making them easy to transport and install. The fuel consumption is low and the operation mode is automatic or manual, making them suitable for various applications. Minlong Container Diesel Generators are certified ISO9001 and come with a minimum order quantity of one. The price is negotiable and they are supplied in a wooden case. Delivery time is 10-15 days and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The maximum supply ability is 1000 pieces per week.

Customization:

Container-Based Diesel Generator

Brand Name: Minlong

Place of Origin: China
Certification: ISO9001
Minimum Order Quantity: 1
Price: Negotiation
Packaging Details: Wood case
Delivery Time: 10-15 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability: 1000 pieces per week
Protection System: Overload/Low Oil Pressure
Fuel Type: Diesel
Structure: Container
Warranty: 1-2 Years
Operation Mode: Automatic/Manual

Container-mounted and container-housed diesel generators are ideal for areas with limited space. Our Container-Based Diesel Generator is a reliable power solution that can be moved easily and stored in a variety of environments. Featuring a robust and weather-resistant design, it is a perfect choice for both indoor and outdoor applications, such as construction sites, mines, factories, and any other area that needs power generation. This generator is equipped with reliable protection systems such as overload and low oil pressure, so you can be sure that it is safe and secure. With a strong and durable structure, our Container-Based Diesel Generator is built to last and provide power for many years to come.

Support and Services:

Container Diesel Generator Technical Support and Services

We provide comprehensive technical support and services for our container diesel generator products. Our team of technicians is available to assist with installation, maintenance, and troubleshooting. We strive to provide timely and efficient services to ensure that our customers have the best experience possible.

Installation: We provide both on-site and remote installation services for our container diesel generators.

Maintenance: Our technicians can perform regular maintenance and repairs on your generator to keep it running smoothly.

Troubleshooting: If you experience any issues with your generator, our technicians can help you troubleshoot the problem.

Packing and Shipping:

Packaging and Shipping for Container Diesel Generator:

The container diesel generator is securely packaged in a wooden box and shipped in a 20-foot container. The generator is equipped with a lifting mechanism for easy loading and unloading.

Additionally, the generator is equipped with a protective cover to ensure that the product is safe from any external damage during transit.

FAQ:

Q: What is the brand name of this Container Diesel Generator?

A: The brand name of this Container Diesel Generator is Minlong.

Q: Where is this Container Diesel Generator manufactured?

A: This Container Diesel Generator is manufactured in China.

Q: Does this Container Diesel Generator have a certification?

A: Yes, this Container Diesel Generator is ISO9001 certified.

Q: What is the minimum order quantity for this Container Diesel Generator?

A: The minimum order quantity for this Container Diesel Generator is 1.

Q: How much does this Container Diesel Generator cost?

A: The price of this Container Diesel Generator is negotiable.
